

FACULTY OF DESIGN

(Olandų str. 16, Vilnius)

"Designing the Future"

STUDY PROGRAMMES:

Interior Design

Students will acquire the knowledge and skills necessary to design functional, aesthetic, and user-centered interior spaces. Graduates can work as interior designers in residential, commercial, or public settings.

More about the program: <https://vtdko.lt/en/interior-design/>

Graphic Design

This program prepares students to create compelling visual content for digital and print media, blending art, technology, and communication. Graduates can find work in advertising, marketing, publishing, and other creative industries.

More about the program: <https://vtdko.lt/en/graphic-design/>

Graphic Design Program Multimedia Design

Students focus on digital media, combining graphic design, animation, and interactive technologies to create innovative multimedia content. Graduates will be prepared for careers in web design, game development, and multimedia production.

More about the program: <https://www.viko.lt/studentams/studiju-programos-lietuviskai/multimedijos-dizainas/>

Technology and Photography

This program offers training in both the technical and artistic aspects of photography, preparing students for careers in professional photography, visual content creation, and photo editing.
